## WORK EXPERIENCE

### Oasis Infobyte internship

1 July, 2023 - 5 August, 2023

- I was selected as an intern at Oasis Infobyte under the Web Development department and am working on a few projects under the internship.

### Microsoft Innovations Club, VIT Chennai

April, 2023 - Present

- I am Currently a member of Microsoft Innovations Club's Web Development department where I have worked on some projects.

### Biosphere Club, VIT Chennai

- I worked as a poster designer in the biosphere club where I used Canva for designing.

## PROJECTS

- Hotel management system

In this project, I used python as frontend and integrated it with MySQL to store user data in the backend.

- Contact Book

This was a part of my club's project where I was assigned the backend part. User authentication was added in this project. I used MongoDB, Postman, Python and Flask in this project.
